PROFESSIONAL SUMMARY

Performance marketing and search operator based in Lagos. I run paid acquisition, SEO and AI search for fintech and consumer products in Nigeria and across African markets, and I build the tracking that tells me whether the numbers the ad platforms report are true. My paid work spans Meta, TikTok, Google, LinkedIn and Snapchat, on budgets from about $36 a day to $15K a month, and I judge every campaign on the sales in the backend. Selected Achievements:

- Launched CIL Academy across Nigeria, Ghana, Kenya, Rwanda and Angola at a CAC below $0.50 and 2-3x ROAS on $1.5K to $15K monthly paid budgets, onboarding 10,000+ users in the first cohort.
- Have run Meta and TikTok acquisition for a Nigerian D2C brand (JegzFits) for more than five years at a sustained ~8x ROAS, through creative testing, landing page and checkout optimization.
- Ranked a seed-stage SaaS (Distrobird) for 3,000+ competitive keywords in 90 days, reaching 500K monthly search impressions against much larger competitors.
- Generated 1,331 MQLs in six months and grew new B2B customers 500% at Bujeti (YC W23), a Nigerian fintech, while lifting landing page conversion 20%.
- Built and instrumented a Nigerian webinar funnel end to end (GTM, GA4, Meta and TikTok pixels, Conversions API, server-side tagging) that brought in 193 registrations at ₦193 per lead in five days and isolated checkout as the real conversion wall.

PROFESSIONAL EXPERIENCE

Founder & Growth Consultant | Marketing In Action (MIA) | April 2024 – Present
Marketing media, education and paid-ads consulting business serving founders, marketers and business owners in Nigeria and abroad

- Run paid acquisition for MIA's own digital products (Meta, TikTok, Snapchat, X) at 4.84x ROAS on the MIA ad account, reconciling platform-reported conversions against real checkout sales after catching the Meta pixel cross-crediting sales between products.
- Built a paid-ads operating system across eight ad platforms, published as a public playbook, that 10 Nigerian SMB client engagements and three delivery specialists run on, covering travel, beauty, fashion, fitness and relocation services.
- Designed and launched a localized webinar funnel for a Nigerian audience (naira pricing, a local checkout, email follow-up) with 193 registrations at ₦193 per lead in the first five days.
- Built an AI search and SEO measurement system on a live Nigerian content site that pulls Search Console, URL Inspection and GA4 data through Google's APIs, which found that 34 of 60 pages were unknown to Google seven weeks after launch.
- Grew the MIA newsletter to 5,000+ subscribers at a 47% average open rate, and published a public library of marketing agent skills on GitHub.
