Professional Summary

B2B demand generation and go-to-market operator who judges events by the meetings and pipeline they produce. I have run events, partnerships and account-based marketing at B2B and SaaS companies, and I co-host Marketing & Chill, a Lagos meetup for 60 to 80 marketers, founders and creators that runs twice a year. I build my own attribution and reporting in HubSpot, Google Analytics 4, Looker Studio and Lightdash, so a go or no-go call rests on numbers I can check. More at jamespraise.xyz/work/adapty-events.
